FREIGHT

Orders

We prefer to receive your orders by mail, facsimile or e-mail, so that we have a hard copy and all details for quick processing and can despatch your order quickly and efficiently. Please ensure you provide your contact telephone number and email address (if you have one), so that we can easily contact you if we have queries regarding your order. Please feel free to call us if you have any questions about the wines.

Carrier

Almost all of our deliveries are sent via Australia Post courier and can be delivered to your home, a PO Box or business address. For obvious security reasons Australia Post will not leave wine unattended, so if nobody is at a delivery address Australia Post will leave a card requesting that you either contact them or collect from your local Post Office. If you would like the wine delivered to your work address then the business name will assist the delivery driver.

Insurance

All consignments are insured against breakage. Australia Post is very good and we have experienced very few problems, but accidents do occur from time to time. If your order is incomplete or damaged then please contact us and provide full details of the problem. We will replace any damaged or short delivered wine and lodge a claim with the insurers.

Privacy

We respect your privacy and are committed to protecting your personal information. We keep the following details on file: Your Name, Contact details, Purchases & any correspondence.

We **do not** keep credit card details after processing and bank verification has been completed and all hard copies of orders with card details on them are also destroyed. As a customer of Chain of Ponds you will receive our regular newsletters and wine offers, should you prefer not to receive these communications please advise us and your name will be removed from our mailing list.

Freight Charges

Please use the table below to work out the freight charge applicable to your delivery address. The rates are per carton (nominally a dozen bottles), but if you order less than a dozen, for example a six-pack, then you will be charged this rate. If you order two six-packs we will generally tape the two together and you will only be charged for one carton.
